Orion offers sixteen angled streams that combine to create a modern take on an industry mainstay, the classic circular V pattern.

.33-HP 11'UH x 9' LH x 30'D .5-HP 11'UH x 7'LH x 30'D 1-HP 11'UH X 8'LH X 35'D 1 .5-HP 21'UH X 12'LH X 45'D (230V)

Poseidon offers eight heavy, 45-degree streams that surround a single center geyser to create Poseidon's lotus-like pattern.

1 .5-HP 16' UH x 12'LH x 22'D 3-HP 25'UH x 14'LH x 20'D

Pontus offers 3 strong tiers that carry heavy streams of water to form this trident-like upward bodied fountain.

.33-HP 8'6" UH x 7' LH x 15' D

1 .5-HP 13'H X 10' D 3-HP 17'H X 12'D

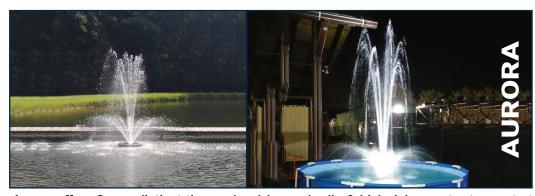

Zeus offers a striking pattern with a full and heavy spray.

Aphrodite offers two multi-layered bottom crowning patterns that are divided by a single center spray in this 3-tier display.

Eros offers a simple in design, classic crowning profile providing not only elegance, but consistent streams of water.

Aurora offers 2 very distinct tiers, a low lying umbrella & high rising center trumpet stream, creating a lovely daffodil profile.

.33-HP 11' H x 7' D .5-HP 13' H x 5' D 1-HP 15' H x 5' D 1.5-HP 22' H x 5' D (230V)

Hermes offers balance and symmetry. The 10 heavy streams create a strong full bodied geyser.

.33-HP 5' H x 3' D .5-HP 7' H x 3' D 1-HP 9' H x 3' D

Pontus SP offers 3 strong tiers that carry heavy streams of water to form this geyser-like fountain.

.33-HP 34" H x 16" D .5-HP 36" H x 16" D 1-HP 38" H x 16" D

Hermes SP offers balance and symmetry, with 10 heavy streams to create a strong, full bodied geyser.

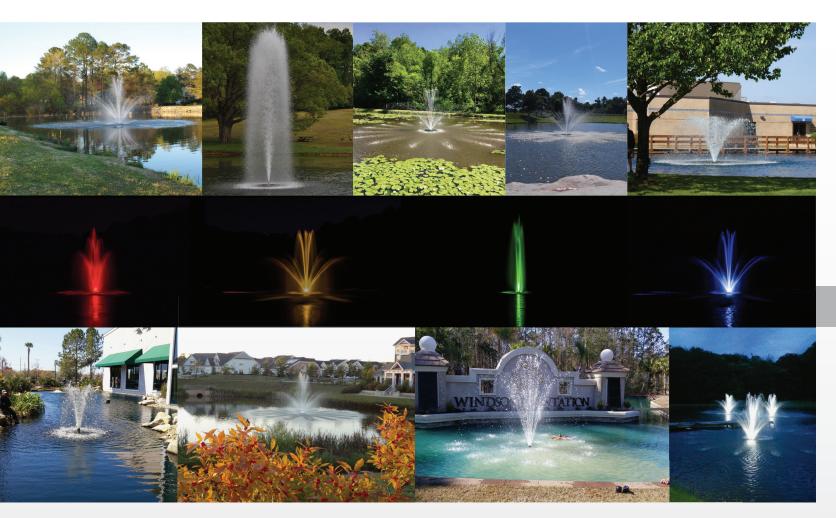

.33-HP 5' H x 5' D .5-HP 5' H x 5' D 1-HP 7' H x 5' D

VERTICAL FOUNTAIN ASSEMBLY

- Fixed base
- Designed to run vertically
- .33HP only
- 3 nozzle options
- Minimum depth 18" Maximum depth 36" (w/ extension)
- Available 115v or 230v

- 1.5HP & 3HP motors available in 230V
- Multiple nozzle options

Floating base (anchored)

Good for larger ponds

FLOATING FOUNTAIN ASSEMBLY

- Minimum depth 36"
- No maximum depth

Bearon Aquatics is committed to providing the finest fountains/aerators available in the marketplace.

As a result, specifications are subject to change without notice. Individuals should not enter water when unit is in operation.

HORIZONTAL FOUNTAIN ASSEMBLY

- Fixed base
 - Designed to run horizontally

 - Good for shallow ponds
 - .5HP and 1HP available 7 nozzle options
- Minimum depth 14"
 - Maximum depth 32" (w/ extension)
 - Available 115v or 230v

FOR BEAUTY AND FUNCTIONALITY, USE AN AERATING FOUNTAIN TO ADD OXYGEN TO YOUR WATER

- **Excellent Shallow Water Operations**
- Lightweight, Easy to Install & Simple to Operate
- Motor UL/CSA Recognized & CE Certified
- **2 Year Warranty**
